KE80

Name: **Tapping block**
Cu 10-70 mm², polyamide base, 750 V

Type: KE80

GTIN: 6418677162220

Description: The Ensto Clampo Tap series is an extensive selection of distribution blocks for branching and connecting Cu conductors (1.5 - 240 mm²) in distribution boards and equipment. These tapping blocks are easy to install: directly onto a surface or a DIN rail.

Package:

Unit: PCS

Technical specification

Electrical values

Nominal current A 270 A
Nominal insulation voltage 750 V
Pollution degree 3

Ratings

ETIM class Feed-through terminal block

Mechanical

Tightening torque 2 Nm

Dimensions

Weight 0.09 kg
Conductor cross-section Cu 10-70

Temperatures

Operating temperature ≤ 120 °C

Features

Number of poles 1
Screw head Nut
Screw head size 8 mm

Certificates

Standards EN 60947-7-1
